

To Our Valued Customers

Please know that the team @ Noonan Energy has been constantly evaluating our situation as it pertains to COVID-19. As the number of COVID cases continues to rise throughout the Commonwealth, the safety and well-being of both our employees and customers remains our top priority. As an essential business, we will, of course remain open for business, but have made the decision that as of 11/30/2020, our offices will be open to our customers by appointment only. We encourage you to continue to utilize our contactless options whenever possible - pay online, over the phone or leave in the drop boxes outside the offices and only enter our offices when absolutely necessary. If you feel it is necessary, please call in advance to speak with our customer service representatives and schedule a time to visit. The following safeguards will remain in place:

1. Plexiglas barriers have been installed at the counters. We require that all customers remain behind the barriers at all times.
2. Masks are required for all customers who enter the offices.
3. Hand Sanitizer will be available on each counter.

Once again, we encourage you to continue to pay online, over the phone or utilize the drop boxes outside our offices and only enter the offices when absolutely necessary. The drop boxes are checked regularly throughout the day.

Thank you in advance for your continued cooperation as we navigate these uncertain times. Let's all work together to keep ourselves and our families safe during the holidays and into 2021!
